

Notification of Significant Events to Other Agencies

There are Agencies that AFA must notify when certain events take place within its foster homes, or in relation to a child or young person cared for by its Foster Parents. This policy provides a link to the table in Schedule 7 of the Fostering Services Regulations 2011.

If an event listed in the table takes place in an AFA foster home or relates to a child or children living in one, the person receiving the information must immediately contact the Designated Safeguarding Lead, who is responsible for sending a notification to the Agencies listed. If they are not available, another member of the Management Team must be contacted.

Notifications will be sent as soon as practicable, after the event has occurred and should be no later than 1 working day after AFA have been made aware of a notifiable event. AFA will ensure that all relevant Agencies with whom they work, are aware of this Policy and have access to (in and out of office hours) contact names and phone numbers.

The Relevant Person or other member of the Management Team will send notifications of Significant Events to the Registered Manager.

All notifications will be monitored by the Registered Manager who will also ensure, that any processes outlined by Safeguarding Partners within Local Authority's responsible for a child or children, are followed.
